TRESTLEBOARD

MAY 2024

A MESSAGE FROM

The Worshipful Master

As the vibrant hues of spring emerge, I am reminded of the beauty of growth and renewal that surrounds us. Just as nature awakens from its winter slumber, as do our spirits yearn for growth and transformation.

In this season of new beginnings, let us reflect on the lessons of Freemasonry and how they guide us on our journey of personal and collective growth. Just as a seed planted in fertile soil requires nourishment and care to flourish, so do our minds and souls require nurturing to reach their full potential.

Let us take inspiration from the symbolism of the spring season - the blooming flowers, the budding acacia trees, and the rejuvenating rains - as we strive to cultivate the virtues of wisdom, strength, and beauty in our own lives.

May we embrace this time of renewal with open hearts and minds, and may we continue to support and uplift one another as we walk the path of Freemasonry together.

Fraternally yours,

Matticus Abshire
